CONCRETE

COBBLE UNIT W/ BACK SPLIT OFF

Odd Course

HALF STANDARD UNIT SPLIT

Even Course

REBAR AS REQUIRED

28” REINFORCED COLUMN

SCALE: 1”=1’

REINFORCED COLUMN NOTES:
- Temporary bracing may be required to reduce pressures from the wet concrete placed on the Versa-Lok walls during construction.
- Concrete foundation and steel reinforcement should be designed by a qualified engineer.

These preliminary details are intended as an aid in designing attractive, durable retaining walls with Versa-Lok units. Final determination of the suitability of any information or material for the use contemplated, and its manner of use, is the sole responsibility of the user. A final project-specific design should be prepared by a qualified, licensed, professional engineer.
